## Foreword

We have pleasure in presenting the Spare Parts Catalogue for 'Pulsar DTS-i 220 CC BS IV' Motorcycle. This catalogue has been specially designed to assist you in selecting the correct parts for procurement to maintain 100% availability.

The Bajaj spares are subjected to the stringent quality control standards to ensure longer life of the vehicle. It is therefore necessary that only the Genuine Bajaj Spares are used.

In a continual effort to improve Performance and Efficiency of the vehicles, Specifications, Diagrams, Illustrations and Part Numbers can change without notice. Consequently, the description in this Spare Parts Catalogue cannot therefore be final and binding on us.

The modifications / alterations which are carried out after the issue of this catalogue, will be conveyed to you through our Service Circulars. You are requested to make necessary corrections in the Parts Catalogue as per the circulars so as to keep your catalogue up-to-date. This will ensure the appropriate and speedy delivery of the Spare Parts as the order placed will bear the latest part numbers.

In case, if you need any technical assistance contact the concerned Regional Office or write to us on the following address :

Bajaj Auto Limited  
International Business  
Akurdi, Pune 411 035 India

## Instructions

1. How to Read the Catalogue : Open the catalogue and from the pictorial index locate the group in which the part you want to find is present. Turn over to the concerned page number (as given by pictorial index). Now find out the figure of the part you wish to order. Write down the part number against that particular figure number from the text.

In case, if you have the part number and you need the other details, the part index can be used. The part index (at the end of the catalogue) will give you the figure and page number of the part you wish to order.

2. How to Order Spare Parts : The part number and the description of the part required should be invariably mentioned in the order as per the catalogue text.

The latest part number as conveyed through our service circulars should only appear on the order. In case of ordering painted components, colour shade of the components should be mentioned.

The quantity shown against the part number is the quantity per vehicle for that group so that particular quantity should be multiplied by the number of sets required.

3. Part Number System : We have used 8 digit system for part numbers. The model or hardware item is indicated by first two digits or alphanumeric, the next two or four digits indicate main group and the last four or two digits indicate serial number in main group or serial number or subgroup of fastener respectively. Thus the part numbers will be indicated by 2-2-4 or 2-4-2 digit system. Understanding this system will enable you to identify the spare parts easily.

4. Abbreviations : The following abbreviations are used in this catalogue.

|        |                 |       |             |
|--------|-----------------|-------|-------------|
| Assly  | Assembly        | V     | Volts       |
| N.I.   | Not illustrated | W     | Watts       |
| C'case | Crankcase       | Accl. | Accelerator |
| Cyl    | Cylinder        | Comp. | Complete    |
| O/s    | Over size       | Fr.   | Front       |
| Rr.    | Rear            | Std.  | Standard    |
| L      | Length          | A/t.  | Alternate   |
| R.H.   | Right hand      | L.H.  | Left hand   |
| Hex.   | Hexagonal       | AR    | As required |

## Index

| Plate No. | Description                       | Page No. |
|-----------|-----------------------------------|----------|
| 1         | Cover Cylinder Head               | 2        |
| 2         | SAI Unit                          | 4        |
| 3         | Cylinder Head                     | 6        |
| 4         | Valve                             | 8        |
| 5         | Camshaft / Tensioner              | 10       |
| 6         | Cylinder & Piston                 | 12       |
| 7         | Crankshaft                        | 14       |
